

Introducing SAM Learning

At school we are always looking for ways to extend our pupils' learning. Part of our improvement programme involves the use of SAM Learning, a unique online service that offers multiple subjects. Studies show that pupils achieve 2 GCSE grades on average better than expected with as little as 10 hours or more use of SAM Learning.

Access Details

As one of our pupils, you are able to access the service at anytime and anywhere, whether you are at school, but also at home, in the library and community centre – and it works on any device, from smartphone to home PC. All you need to do is visit the website and enter your unique login details:

Website address: www.samlearning.com

Centre ID:	NG18BS
User ID:	Date of birth followed by two initials: first name then last name. <i>010806DJ is the User ID for David Jones, born 1st August 2006.</i> <i>230209SK is the user ID for Sandeep Kaur, born 23rd February 2009.</i>
Password:	Initially same as your User ID, you are encouraged to change this to something difficult to guess.
Work set:	You will see your homework on the “My Set Tasks” tab

Getting Started

When you first log in, you will be able to set up your own Avatar – which you can customise, as you complete challenges – as well as link with your friends to compete in challenges.

Your teachers will show you how to use the service and you might wish to show your parents how it works. The service enables your homeworks to be set and marked online, which means you can easily see how well you are getting on. On the reverse of this letter, you will find a quick step by step of how to access any work that has been set for you and how to work on general revision.

We hope that you are able to take full advantage of SAM Learning and wish you the best of luck in your studies.

Yours sincerely,

Mrs Emery
